

# Save *Your* Date Cards

## WHY SAVE THE DATES?

*Save The Date Cards serve as a traditional announcement mailed to guests, signaling your upcoming wedding date. While you may not have all the finer details yet, sharing the date and location allows your intended guests to mark their calendars in advance. Additionally, these cards provide a wonderful opportunity to showcase your engagement photos, adding a personal touch to your pre-wedding communications.*

### WHEN TO ORDER AND SEND...

ADD 2 MONTHS TO TIMELINE IF YOU'RE HAVING A DESTINATION WEDDING

ORDER:  
**7 Months Before**  
Wedding Date

SEND OUT:  
**6-5 Months Before**  
Wedding Date

### COMMON TYPES...

The two most popular formats for a Save The Date card are typically a double-sided printed card or a magnet. Opting for a magnet not only serves as a practical item that guests are likely to keep on their fridge as a constant reminder of your special day, but it also adds a unique touch to your announcement. Conversely, printed cards offer ample space to showcase multiple photos, making them an ideal choice for couples looking to feature various snapshots of their engagement.

Although, we are always excited to create new designs, so if you'd liked something a bit more unique please send us an [email](#).
