

Celebrating the Day Of

“DAY OF” DETAILS ARE...

"Day of" Details encompass any printed items essential for your wedding day, serving to enhance the aesthetics of the ceremony and reception or to inform guests about what to expect or do. These items may include menus, programs, escort cards, signage, newspaper props, table numbers, and more.

TURN AROUND

These items are typically time-sensitive as they are produced after your final headcount. As a result, effective communication and efficiency are crucial. Design should start at least 2 months prior to event date with a production time of 2-3 weeks.

THE PROCESS

We aim to achieve a cohesive aesthetic by seamlessly integrating all the pieces together, never using cookie-cutter templates.

The item list comprises, but is not limited to: menus, programs, favor labels or tags, table numbers, escort cards, drink coasters, welcome signs, bar signs, vow books, seating charts, and newspaper props. If you have a specific item in mind that is not listed, please email us to inquire about its availability.

THE INVESTMENT GUIDE

Pricing is based on specific item, quantity, and production time. For a customized quote please email us at the information below.
